

HEALTHCARE MANAGEMENT

The Department of Management and Entrepreneurship offers a major in Healthcare Management, preparing students to become leaders in one of the world's most dynamic and essential industries. The program builds a strong foundation in business, leadership, and operations management applied in healthcare setting. Students learn about healthcare industry structure, key stakeholders, and how their interactions shape care delivery.

The curriculum equips students with practical skills to lead teams, improve organizational performance, oversee finances, support high-quality patient care, and navigate the regulatory complexities of the healthcare industry. Students complete general education requirements, supporting courses, business core requirements for the Bachelor of Science (B.S.) degree, and 24 credits in the major, including an experiential learning requirement such as an internship or co-op.

Graduates are prepared to pursue careers in hospitals, health systems, consulting firms, health insurance companies, and public health organizations. Elective courses from across campus allow students to tailor their education to their interests and career goals while gaining exposure to a broad range of healthcare-related disciplines.

The program emphasizes both a strong theoretical foundation and hands-on experience, ensuring students are ready to contribute effectively in healthcare organizations immediately upon graduation.

Undergraduate Major in Healthcare Management

For undergraduate curriculum in business, major in healthcare management.

The department of Management and Entrepreneurship offers a major in healthcare management. Students will complete the general education requirements (including business foundation courses), supporting courses/major prerequisites, business core requirements for the Bachelor of Science (B.S.) degree, and 24 additional credits in the major, which includes an experiential learning requirement, such as an internship or co-op.

Our curriculum is designed to prepare you to make a positive impact in healthcare management. Built on a foundation of knowledge about the healthcare management field, our interdisciplinary learning environment is also designed to facilitate development of comprehensive business skills including leadership, teamwork, evidence-based decision-making, and strategy formulation and implementation. The collaborative nature of the program provides a holistic approach to healthcare management issues and facilitates a diverse educational experience. A structured experiential learning component complements the classroom portion of the program by providing you with the opportunity to apply material from the HCM curriculum and build additional skills by gaining real work

experience in a healthcare organization, helping ensure that you're ready to launch your career immediately upon graduation.

For more information on the undergraduate major in Healthcare Management, please visit: <https://www.ivybusiness.iastate.edu/academics/undergraduate-programs/healthcare-management/>. (<https://www.ivybusiness.iastate.edu/academics/undergraduate-programs/healthcare-management/>)

Student Learning Outcomes

Upon graduation, undergraduate students majoring in Healthcare Management will:

1. Be effective communicators.
2. Be effective collaborators.
3. Be problem solvers.
4. Understand business concepts.
5. Recognize ethical and legal responsibilities to organizations.

Curriculum:

In addition to the basic business degree requirements (<https://catalog.iastate.edu/collegeofbusiness/#curriculuminbusinesstext>), healthcare management majors must also complete:

Required Courses:

HCM 3010	Introduction to the US Healthcare Industry	3
HCM 3020	Economics for Healthcare Managers	3
HCM 3030	Healthcare Quality Management	3
HCM 4010	Financial Management for Healthcare Organizations	3
HCM 4020	Law and Regulatory Environment in Healthcare	3
HCM 4030	Healthcare Information Systems	3

Experiential Learning:

The requirement may be met by completing one of the following:

HCM 3910	Internship in Healthcare Management	3
HCM 3980	Cooperative Education *	R
HCM 4900	Independent Study in Healthcare Management ^S	3

Elective Courses (3 - 6 credits): *

ACCT 4880	Governmental and Non-profit Institution Accounting	3
HCM 4910X	International Healthcare Management	3
MGMT 4220	Negotiation and Conflict Resolution	3
MGMT 4700	Leadership and Change Management	3
MGMT 4710	Introduction to Human Resource Management	3
MGMT 4770	Talent and Performance Management in Organizations	3

ENTSP 4100	Social Entrepreneurship	3
MKT 3510	Services Marketing	3
SCM 4240	Process Management, Analysis, and Improvement	3
SCM 4860	Principles of Purchasing and Supply Management	3
COMST 4120	Health Communication	3
BUSAD 4950	Executive Analysis and Presentation [#]	3
GLOBE 3300	Global Health Disparities	3
HS 3100	Community and Public Health	3
POLS 3240	Health and Native American Communities	3
POLS 3370	Health Politics and Policy	3
PSYCH 4850	Health Psychology	3

Total Credits: 24

* If HCM 3980 is taken for your experiential learning component, you must choose TWO elective courses from the list to fulfill the requirements for the major. The HCM degree must add up to 24 credit hours.

§ Course not offered on a regular basis. Students should consult with their academic advisor about terms of offering.

Only 3 credits of BUSAD 4950 Executive Analysis and Presentation may count as an HCM major choice elective.

Suggested helpful “free” electives (counting only towards fulfilling the ISU minimum graduation requirement of 122 credits, not the HCM major):

FSHN 3670 Medical Terminology for Health Professionals

The X designation after a course number indicates this is an experimental course offered by the Department. Although in an experimental phase, these courses are open for registration just the same as permanent courses listed in the course catalog and count as elective choices in the major.

Students are limited to three business majors/degrees/certificates/minors within the Ivy College of Business. This limit is on business majors/degrees/certificates/minors only and does not apply to multiple majors/degrees/certificates/minors taken outside the Ivy College of Business.

Healthcare Management, B.S.

Any four year plans shared in the catalog are samples of a potential university experience.

Total Credits: 122

@ Courses in these requirements may also be used as Global Perspective.

U.S. Cultures and Communities courses may be used to satisfy HUM/ SOC SCI.

* Must have credit or enrollment in all core courses listed above, except for MGMT 3720, plus senior standing, in order to enroll in MGMT 4780.

Graduation Requirements:

1. Grade of “C” or higher in at least 30 credits of Core and Major courses.

2. 42 credits of 3000+ level courses from a four-year institution.
3. 50% of required Business courses must be earned at ISU.
4. At least 32 credits and the LAST 32 credits must be earned at ISU (exceptions for study abroad and internship may be requested).
5. 122 Credits minimum and a Cumulative GPA of at least 2.00 with no quality point deficiencies.
6. A grade of C or better in ENGL 2500 required, and also in one other required ENGL course.
7. All 3000-level and higher business credits must be earned at a four-year college.
8. Multiple business **majors** must have at least 15 distinct credits in each of the major requirements; when applicable, one course can be shared between business majors; see your advisor regarding multiple business **degree requirements**.

Undergraduate Certificate in Healthcare Management

The Department of Management and Entrepreneurship offers a Healthcare Management Certificate open to all Iowa State University students. The program equips students with healthcare management skills and knowledge that complement their primary field of study. Built around four required courses, students explore the structure of the healthcare industry, its key stakeholders, and how their interactions shape care delivery. They develop the ability to lead teams, improve organizational performance, oversee finances, support high-quality patient care, and navigate regulatory complexities. Electives from a wide range of healthcare-related disciplines across campus provide a synergistic experience, particularly for students in health-related majors. For those pursuing a career in the healthcare industry, the certificate offers a recognized credential to enhance career opportunities upon graduation and beyond.

Requirements

The Healthcare Management Certificate requires a minimum of 20 credits, including 11-12 required credits and 8-9 electives. At least 12 credits must be taken at Iowa State University.

Required Courses (11-12 credits):

Choose one of the following two courses:

HCM 3010	Introduction to the US Healthcare Industry	3
----------	--	---

or

FSHN 4300	U.S. Health Systems and Policy	2
-----------	--------------------------------	---

PLUS all of the following courses:

HCM 3020	Economics for Healthcare Managers	3
----------	-----------------------------------	---

HCM 3030	Healthcare Quality Management	3
----------	-------------------------------	---

HCM 4020	Law and Regulatory Environment in Healthcare	3
----------	--	---

Elective Courses: (8-9 credits)

BIOL 2550	Fundamentals of Human Anatomy	3
BIOL 2560	Fundamentals of Human Physiology	3
BIOL 3280	Molecular and Cellular Biology of Human Diseases	3
BIOL 3350	Principles of Human and Other Animal Physiology	3
BIOL 3440	Human Reproduction	3
BIOL 4230	Developmental Biology	3
BBMB 1210	Medicines, Drugs and You	2
BME 3520	Cellular and Tissue Biomechanics	3
BME 4400	Biomedical Applications of Chemical Engineering	3
COMST 4120	Health Communication	3
ENTSP 3100	Entrepreneurship and Innovation	3
FSHN 3600	Advanced Nutrition and the Regulation of Metabolism in Health and Disease	3
FSHN 3640	Nutrition and Prevention of Chronic Disease	3
FSHN 3650	Obesity and Health	3
FSHN 3670	Medical Terminology for Health Professionals	1
FSHN 4600	Global Nutrition, Health and Sustainability	3
FSHN 4610	Medical Nutrition and Disease I	4
FSHN 4630	Community Nutrition and Health	3
GEN 3400	Human Genetics	3
GEN 3490	The Genome Perspective in Biology	4
GEN 4620	Evolutionary Genetics	3
GLOBE 3300	Global Health Disparities	3
GLOBE 3600	Global Health	3
HDFS 3670	Family Stress, Abuse, and Resilience	3
HDFS 3730	Death as a Part of Living	3
HDFS 3770	Aging and the Family	3
HDFS 3870	Trauma-Informed Practice	3
HDFS 3950	Children, Families, and Public Policy	3
HDFS 4860	Human Services Management II	3
HS 3100	Community and Public Health	3
HS 3500	Human Diseases	3
HS 3800	Worksite Health Promotion	3
HS 4300	Community Health Program Development	3
KIN 3450	Management of Health-Fitness Programs and Facilities	3
KIN 3650	Sport Psychology	3
or KIN 3660	Exercise Psychology	3
MGMT 3700	Managing Organizations	3
MGMT 3710	Organizational Behavior	3
MGMT 3720	Ethical and Responsible Management	3
MICRO 4280	Principles of Epidemiology and Population Health	3

NRS 3600	Nursing Leadership and Management	3
NRS 4200	Promoting a Culture of Health and Wellness	3
NRS 4400	Population Health Nursing	3
PHIL 3310	Moral Problems in Medicine	3
POLS 3370	Health Politics and Policy	3
PSYCH 2500	Psychology of the Workplace	3
PSYCH 3100	Brain and Behavior	3
PSYCH 3140	Motivation	3
PSYCH 3150	Drugs and Behavior	3
PSYCH 3160	Cognitive Psychology	3
PSYCH 3500	Human Factors in Technology	3
PSYCH 3600	Personality Psychology	3
PSYCH 4850	Health Psychology	3
RELIG 3610X	Religion, Health, and Medicine	3
SOC 2350	Social Problems and American Values	3
SOC 3050	Social Psychology: A Sociological Perspective	3
SOC 3270	Gender and Sexualities in Society	3
SOC 3300	Ethnic and Race Relations	3
SOC 3310	Social Class and Inequality	3
SOC 3450	Population and Society	3
SOC 3480	Global Poverty, Resources and Sustainable Development	3
SOC 4100	Human Trafficking	3

Students are responsible for meeting the prerequisites or any enrollment restrictions when registering for the elective courses from the approved list.

The X designation after a course number indicates this is an experimental course offered by the Department. Although in an experimental phase, these courses are open for registration just the same as permanent courses listed in the course catalog and count as elective choices in the major.

Students are limited to three business majors/degrees/certificates/minors within the Ivy College of Business. This limit is on business majors/degrees/certificates/minors only and does not apply to multiple majors/degrees/certificates/minors taken outside the Ivy College of Business.

Students need to fulfill the course prerequisites set by the Ivy College of Business.

A student may not receive both an undergraduate major and a certificate of the same name (ie. healthcare management majors cannot pursue the healthcare management certificate and the major at the same time).

Courses taken for the certificate may not be taken on a pass/not-pass basis.

The certificate is intended for students enrolled in a baccalaureate degree program at Iowa State University or that currently hold a baccalaureate degree from an accredited institution. Students holding a baccalaureate degree from an accredited institution must meet admission requirements to be enrolled at Iowa State University.

A certificate is not awarded until baccalaureate requirements are fulfilled.

A cumulative grade point average of at least 2.0 is required in courses taken for the certificate.

For more information on the undergraduate certificate in healthcare management, please visit: <https://www.ivybusiness.iastate.edu/academics/undergraduate-programs/minors-and-certificates/healthcare-management-certificate/>

Graduate Certificate

The Healthcare Analytics Graduate Certificate equips healthcare professionals with practical data skills to drive informed decisions.

This 12-credit online program, ideal for those in or entering healthcare analytics, business intelligence, or health technology, offers focused training without a full master's degree commitment. Students gain hands-on experience with industry-standard tools, learning to collect, analyze, and communicate healthcare data. Core courses cover analytics, data privacy, and compliance, while electives explore machine learning, operations, and data management. Graduates are prepared to make an immediate impact in performance improvement, financial analysis, population health, and quality and safety reporting.

For more information about the graduate certificate in healthcare analytics, please visit: <https://www.ivybusiness.iastate.edu/academics/graduate-programs/graduate-certificates/>.
