

MUSIC

Administered by the Department of Music and Theatre

Undergraduate Study

The Department of Music and Theatre offers a strong undergraduate music program, where students study with full-time faculty professionals in a supportive environment that encourages students to become their best. Two degrees are offered in music: a Bachelor of Music, which is more specialized and contains fewer general education requirements; and a Bachelor of Arts degree with a major in music. (The Department of Music and Theatre also administers the Theatre Program, see Theatre and Performing Arts (<https://catalog.iastate.edu/collegeofliberalartsandsciences/theatreandperformingarts/>).)

The music curriculum provides:

1. A comprehensive program of professional studies for students who wish to prepare for careers in music, including teaching, performance, and composition, and for students who plan to pursue graduate studies in music.
2. Courses in music literature, theory, and areas of performance for all students, regardless of major.

The department embodies the land-grant philosophy of service to the people of the state with a faculty of active scholars, teachers, and artists committed to excellence in teaching, creative/scholarly work, and arts outreach. The department is an accredited institutional member of the National Association of Schools of Music (NASM).

Student Learning Outcomes

Music graduates will understand and demonstrate:

1. Knowledge of musical cultural heritage and history, including awareness of music of diverse cultures
2. Appreciation for musical creativity, reasoning, and the aesthetic value of music
3. Analytical skills necessary for listening, performing and teaching, including knowledge of musical organization and structures
4. Skills necessary to perform music from a variety of styles, periods, and genres
5. Necessary abilities to communicate ideas musically, verbally, and in writing

Assessment measures include the continuation examination, graduating senior surveys and exit interviews, public performances, senior projects, course grades, teacher certification (for music education students), and the National Association of Schools of Music accreditation review.

Curricula Available to Music Majors

Students interested in pursuing an emphasis in music theater should see Theatre and Performing Arts (<https://catalog.iastate.edu/collegeofliberalartsandsciences/theatreandperformingarts/>).

As majors in the College of Liberal Arts and Sciences, Music students must meet College of Liberal Arts and Sciences (<https://catalog.iastate.edu/collegeofliberalartsandsciences/#iascollegerequirementstext>) and University-wide requirements (<https://catalog.iastate.edu/collegescurricula/>) for graduation in addition to those stated below for the degree (Bachelor of Music) or major (Music Major, B.A.).

Bachelor of Music

This curriculum leads to the degree bachelor of music. This degree is more specialized and contains fewer general education requirements than the bachelor of arts degree with a major in music. Students in this curriculum choose between options in education, performance, and composition. To obtain a bachelor of music degree, a student must earn a minimum of 122 credits, including a minimum of 32 credits in residence at Iowa State University and a minimum of 45 advanced credits in courses numbered 3000 or above and must meet all of the requirements specified below.

Students in all ISU majors must complete a three-credit course in U.S. Cultures and Communities and a three-credit course in International Perspectives. Check (<http://www.registrar.iastate.edu/courses/div-ip-guide.html>) for a list of approved courses. Discuss with your advisor how the two courses that you select can be applied to your graduation plan.

Courses taken on a pass/not pass basis may be counted toward the required total credits, and may be used to meet the advanced credit requirement, if appropriate, but may not be used to satisfy any other graduation requirement.

Bachelor of Arts—Music Major

A more general degree than the bachelor of music, the bachelor of arts degree requires no formal specialization. It includes more general education requirements and provides a broader course of academic study.

As majors in the College of Liberal Arts and Sciences, Music Majors (Music, B.A.) students must meet College of Liberal Arts and Sciences (<https://catalog.iastate.edu/collegeofliberalartsandsciences/#lascollegerequirementstext>) and University-wide requirements (<https://catalog.iastate.edu/collegescurricula/>) for graduation in addition to those stated below for the major.

LAS majors require a minimum of 120 credits, including a minimum of 45 credits at the 3000/4000 level. You must also complete the LAS world language requirement and career proficiency requirement.

Students in all ISU majors must complete a three-credit course in U.S. Cultures and Communities and a three-credit course in International Perspectives. Check (<http://www.registrar.iastate.edu/courses/div-ip-guide.html>) for a list of approved courses. Discuss with your advisor how the two courses that you select can be applied to your graduation plan.

Candidates for the degree bachelor of arts with a music major will normally complete 48 credits of music including the following required courses:

MUSIC 1190	Applied Music for Majors (multiple semesters)	4
MUSIC 1200	Introduction to Music Literature and Styles	3
MUSIC 2190	Applied Music for Majors (multiple semesters)	4
MUSIC 2240	Music Theory I	4

Total Credits		48

Bachelor of arts students whose chief professional interest lies in research are encouraged to minor in world languages and cultures, history, literature, or philosophy.

General Requirements

Entrance Audition.

In order to be accepted as a music major, a prospective student must pass an entrance audition for the applied faculty in his/her performance area (piano, organ, woodwinds, strings, percussion, brass, or voice).

Passing the audition is dependent on the demonstration of performance skills appropriate for college level instruction and the potential to perform at a professional level. In addition, the number of students accepted must balance with the space available in the corresponding applied studios.

Once accepted, a student must complete a placement examination in keyboard skills. This examination is normally given by members of the departmental faculty the week preceding the opening of classes for fall semester.

Seminars and Recitals.

All music majors enrolled for applied music courses will attend a weekly 1-hour seminar in their areas, departmental recitals, and 12 recitals of their choosing each semester.

Ensemble Requirement.

See the options above for additional ensemble requirements.

All Bachelor of Music students:

Enrollment in an ensemble course, chosen from the lists below, each semester of full-time enrollment (except during student teaching) is required.

Students in a music education option:

At least six semesters of large ensemble and one semester of chamber music ensemble, chosen from the lists below, are required. One semester of 1140A may count as a large ensemble.

Bachelor of Music students in options other than education:

At least 2 semesters of large ensemble and one semester of chamber music ensemble, chosen from the lists below, are required.

Large Ensembles:

MUSIC 1110	Wind Ensemble	1
MUSIC 1150	Symphonic Band	1
MUSIC 1410	Lyrca Ensemble	1
MUSIC 1510A	University Chorus: Cantamus Women's Choir	1
MUSIC 1510B	University Chorus: Statesmen Men's Choir	1
MUSIC 1610	Iowa State Singers	1
MUSIC 1810	Symphony Orchestra	1

Chamber music ensembles:

MUSIC 1130	Jazz Ensemble	1
MUSIC 1610	Iowa State Singers	1
MUSIC 3010A	Opera Studio: Opera/Operetta	1-3
MUSIC 3010B	Opera Studio: Music Theater	1-3
MUSIC 3210	Advanced Ensemble	

Continuation Examination

To be approved for continuation as a music major on the junior level, and enroll in MUSIC 3190, a student must pass a continuation examination taken normally at the end of the fourth semester as a music major. Before taking this examination, the student must complete the requisite forms as well as write an essay including:

1. his/her personal goals
2. a self-assessment of his/her progress thus far
3. an assessment of what he/she expects to accomplish before graduation

The student taking the Continuation Examination performs for a Continuation Examination Committee. Requirements include the performance of three works representing different periods or styles selected by, and studied with, the applied teacher, a self-prepared piece, and sight reading. The student must display acceptable solo ability and performance techniques in at least one of the applied areas. A written evaluation will be given each student following his/her performance. This evaluation will include a candid assessment of the student's potential to achieve his/her goals. In addition, the student may arrange to meet with members of the Continuation Examination Committee at a later date to discuss the results of his/her Continuation Examination. See Piano Proficiency below. For details and forms go to: <http://www.music.iastate.edu>

Piano Proficiency Requirement

All music majors must demonstrate proficiency in functional skills at the piano. Keyboard music majors (students whose primary instrument is

piano or organ) accomplish this through courses in their curricula. All other students accomplish this by satisfactorily completing MUSIC 2280. All entering non-keyboard music majors with previous piano experience meet with the class piano instructor, usually the week before classes start in the fall semester, to determine the appropriate piano class (1270, 1280, 2270, 2280) for their initial piano enrollment. Some students are deemed to have met the piano proficiency at this time. Non-keyboard music majors with no previous piano experience should enroll in MUSIC 1270, Class Piano I. Continuous enrollment in piano classes is REQUIRED until successful completion of the piano proficiency requirement.

Graduation Proficiency

To be recommended for graduation, a music student should demonstrate to the music faculty mature acquaintance with performance styles, technique, and repertoire. All music majors will participate in departmental recitals to the satisfaction of the department. Candidates for the Bachelor of Music degree will present a graduation recital.

*** According to the university-wide Communication Proficiency Grade Requirement (<https://catalog.iastate.edu/academics/#communicationproficiencytext>), Students must demonstrate their communication proficiency by earning a grade of a C or better in ENGL 2500 (or engl 2500H). In ADDITION, the Communication Proficiency must be certified through one of the following options:**

1. Certification of writing skills, by the instructor, after completion of one of the following:

MUSIC 1200	Introduction to Music Literature and Styles	3
MUSIC 3830	History of Music I	3
MUSIC 3840	History of Music II	3
MUSIC 4720	History of American Music	3

(Passing one of these courses does not automatically satisfy the requirements for Communication Proficiency.)

2. Satisfactory completion of an advanced writing course:

ENGL 3020	Business Communication	3
ENGL 3050	Creative Writing: Nonfiction	3
ENGL 3140	Technical Communication	3

¹ A placement examination in keyboard skills determines the student's placement in the Class Study in Piano courses. Students with a concentration in piano or organ do not take Class Study in Piano.

^{**}Students should take the major area (WW or brass) with which they are least familiar first to gain more experience in lab band. However, WW players planning to gain additional skills on a 2nd WW, might choose to take that area first. Non-WW players should take 3510 before 3520. 3580B must be taken concurrently with each tech course (3500-3550).

⁺⁺Alternate year courses. String players take 3690 and 4640. WW and brass players take 3680 and 4640.

^c These courses which appear in the same semester must be taken concurrently.

The LAS world language requirement must be met. The U.S. cultures and communities and international perspectives requirements are automatically met with courses required for this degree option (EDUC 4060 and MUSIC 3830).

Many general education and education (EDUC) courses can easily be taken in different semesters than indicated as well as summer. Music courses are best kept in the order/semesters indicated (Most music courses are offered one semester each year).
