PUBLIC RELATIONS

The Public Relations Major provides students with the concepts, skills and expertise needed to help organizations build mutually beneficial relationships with a variety of publics. The knowledge and tools students develop through the PR curriculum ensure they can enter fields such as corporate communication, government affairs, and public relations. Coursework in this major focuses on writing, research, digital and emerging media, and professional abilities. Students are required to complete a capstone internship experience to practice and refine their skills.

The Greenlee School of Journalism and Communication prepares students for communication fields. The school offers four majors:

- Advertising (<https://catalog.iastate.edu/collegeofliberalartsandsciences/advertising/>) Bachelor of Arts (ADVRT)
- Journalism and Mass Communication (https://catalog.iastate.edu/collegeofliberalartsandsciences/journalism_and_mass_communication/) Bachelor of Science (JLMC)
- Public Relations Bachelor of Science (PR)
- Sports Media and Communication (<https://catalog.iastate.edu/collegeofliberalartsandsciences/sportsmediacommunication/>) Bachelor of Arts (SMC)

The school coordinates one interdisciplinary major:

- Digital Storytelling (<https://catalog.iastate.edu/collegeofliberalartsandsciences/digitalstorytelling/>) Bachelor of Arts (DSTR)

In addition, the Greenlee School offers a 4+1 program (<https://catalog.iastate.edu/collegeofliberalartsandsciences/advertising/#combinedundergraduateandgraduateprogramstext>) allowing students to complete their B.A. or B.S. and earn an M.S. in Journalism and Mass Communication in fewer semesters.

Founded in 1905, the unit was one of the first Journalism programs to be accredited in 1948 and continues to be one of the longest continuously accredited programs in the country. Accreditation is based on the principle that students need a broad-based, liberal arts education and solid core courses within the discipline. Public Relations students may seek an additional major or minor in Digital Storytelling, but may not pursue a second major or minor in Advertising, Journalism or Sports Media and Communication. All Public Relations students are required to take an additional major or a minor.

Student Learning Outcomes

- lead communication efforts from a robust ethical foundation with an understanding of the impact of strategic communication in civil society.
